

# SCHOOLS FOR CLEAN WATER

## Student Pledge Poster

#downrivermichigan  
#schoolsforcleanwater

## We took the Schools for Clean Water pledge!

We pledge to do our part to keep local waters clean by adopting a storm drain. Storm drains lead to local streams and rivers. Blocked storm drains can cause flooding. Trash and waste that gets into storm drains pollutes local streams. We pledge to adopt a local storm drain and check on it at least once a month to make sure it is clean and trash free.
